

VSCA 93rd Annual State Convention – March 22-24, 2019

Discussion Topics with the Virginia State Board of Education

What equity issues do you see in your school, district and the state?

- Access to courses, learning platforms, testing (advanced placement/college entrance), technology, etc.
- Wrap-around services to fully support educational growth
- School safety
- Equity of resources (funding, teachers, technology)

As you prepare for life after high school, what are some skills that you feel you may be lacking in regards to college, career, and civic readiness? What do you wish you would learn to better prepare you for life after high school?

Throughout your education, what qualities have you experienced that make for a good teacher and successful classroom environment?
